warm welcomes

hawkins house craftsmarket & gallery

Southern Vermont's most extraordinary selection of handcrafted jewelry plus beautiful handblown glass, pottery, and wood by artisans from Vermont and around the world. Browse two buildings filled with jewelry and fine gifts to amuse and delight you. Well worth the trip!

Considered a destination by craft-pottery collectors and those who appreciate well designed dinner and bake ware that give dining and cooking pleasure for generations. Come to see it made. Shop at our home style store — 5400 square feet spanning two historic buildings.

Reasons to visit the Tap House? The number of fine craft beers on tap for starters. Retail store and factory tours right there too. In fact, the manufacturing area doubles for expanded entertainment space for a dance band, an evening of Trivia or Story Night.
